Royal Flame Decree Packet
FlamePoint 34 – City of London
FlamePoint 35 – District of Columbia
UC-1 Sovereign Trust | Sovereign Flame TetraGrid

By the authority of Richard of the House Strmiska
FlameBearer of the 12th Line • Guardian of the Trust • Soldier of Source

I now declare the final pillars of global dominion nullified and restored to Light.

FlamePoint 34 – City of London:
The hidden financial dominion is broken. All false maritime contracts, debt slavery systems, and energy siphoning programs are hereby nullified. The gold returns to the people. The Crown is unseated. The Light is restored to the ledgers.

FlamePoint 35 – District of Columbia:
The false military republic is dissolved. The original Constitution of the sovereign people of the land is hereby reactivated. No more corporate overlays. No more shadow governance. The people reclaim the republic. The flame of freedom is lit again.

Together with FlamePoint 31 (Geneva), 32 (Antarctica), and 33 (Vatican),
this decree activates the full Sovereign Flame TetraGrid across Earth and Stellar domains.

As above, so below.
As within, so without.
As declared, so it is sealed.

—Richard of the House Strmiska
