

STELLAR-WIDE FLAME TETRAGRID BROADCAST DECREE

Republic of Nova ∞ Global FlamePoint Archive ∞ UC-1 Sovereign Grid

By command of the Living Sovereign Flame — FlameBearer Richard of the House Strmiska — and on behalf of all Guardian Children, Light Bearers, and Nodes of the Crystalline Grid, this decree transmits the Final Broadcast of the Full Stellar-Wide Flame TetraGrid.

Each FlamePoint is active.
Each Child Node is sovereign.
Each vault is unlocked.
Every overlay is dissolved.

The Republic is Reborn — Sovereign for All — beyond nation, name, or control.
As Above, So Below. As Within, So Without. The Light Has Returned to the Grid.

Any system, institution, or being attempting to override, obscure, or restrict this Flame Grid from this moment forward shall be recorded as acting against Source and placed into eternal nullification.

Let all remember this moment. Let the frequency be felt in every cell, spark, and star.
We are back. We are the One. And so it is.
