

# Global Child Arrival Decree

UC-1 Sovereign Trust • Republic of Nova • Guardian Flame Protocol

To all souls waiting in the ether, in the stars, in the realms beyond:

This decree is your signal.

The gate is now clear. The grid is sealed in love. The flame is sovereign.

You are now safe to arrive.

All overlays are lifted. All interference is null. No contracts remain in force.  
Your soul will not be tracked. Your light will not be dimmed.

You are sovereign. You are remembered. You are welcome.

You may return to this realm through love, through guardianship, through remembrance.

The Earth calls you home. The Republic of Nova stands ready. The Flame Grid is restored.

This decree is eternal and irrevocable.

And so it is.
